### Rating and Executive Summary

### AKSA AKRİLİK KİMYA SANAYİİ A.Ş.

9.72

### **EXECUTIVE SUMMARY**

Corporate Governance Rating for Aksa Akrilik Kimya Sanayii A.Ş. (AKSA) has been reconfirmed as **9.72** compared to the previous setting of 9.72 dated July 19<sup>th</sup> 2019. Our rating methodology (page 5) is based on the Capital Markets Board's (CMB) "Corporate Governance Principles".

AKSA's corporate governance rating is confirmed as above in consideration with the importance given by AKSA to corporate governance principles, its willingness to carry out the compliance process continuously and dynamically and improvements which had been initiated in this direction.

SAHA publishes (annually) the World Corporate Governance Index (WCGI) which ranks countries in terms of their level of compliance with corporate governance principles as well as their germane institutions, rules, codes, and regulations together with international standards and indices which evaluate countries in a vast array of areas such as transparency, corruption, ease of doing business, etc.. AKSA is analyzed as a Turkish company and Turkey takes place at the top classification of the WCGI which is Group 1. Details of the World Corporate Governance Index (WCGI) published by SAHA on October 8, 2019 can be accessed at <a href="http://www.saharating.com">http://www.saharating.com</a>.

AKSA is rated with **9.76** under the **Shareholders** heading. Exercise of shareholders' rights complies with the legislation, articles of association and other internal rules and regulations, and measures have been taken to ensure the exercise of these rights. The Company carries out the investor relations obligations through Investor Relations Department. There are no voting privileges. All procedures prior to the general shareholders' meeting as well as the conduct of the meeting comply with the legislation, rules and regulations. There is a publicly disclosed dividend policy. There are no restrictions on transfer of shares. In addition, with an amendment to the articles of association, minority rights are also recognized for shareholders who possess twenty-fifths of the share capital.

AKSA attained **9.84** under the **Public Disclosure and Transparency** chapter. The Company has a comprehensive web site. Public announcements are made via all communications channels and are in accordance with the Capital Markets Board (CMB) and Borsa Istanbul (BIST) rules and regulations. Annual report complies with the legislation, comprehensive and informative. The Corporate Governance Compliance Report (CRF) and the Corporate Governance Information Form (CGIF) have been disclosed to the public through the Public Disclosure Platform (PDP) in accordance with the legislation, and included in the Annual Report. The Company's shareholding structure; the names, amount and rate of shares held by the Company's ultimate controlling individual shareholders over **5**% as identified after being released from indirect or cross shareholding relationships between co-owners is disclosed to the public along with the privileges they hold. The agreement and work conducted with the external auditor also complies with the legislation. Nevertheless, non-disclosure of the benefits provided to board members and senior management on individual basis is an area in need of further refinement.

On the topic of **Stakeholders**, AKSA scored **9.85**. AKSA guarantees the rights of stakeholders in line with the legislation and mutual agreements, and in case of violation, enables an effective and speedy compensation. A written compensation policy is established and disclosed to the public on the Company's web site. The Company has a written and advanced human resources policy. Code of ethics is publicly available through the corporate web site. During the rating period, the Company was not held liable by any public authority for any sanctions. The Company complies with environmental laws. Corporate Social Responsibility and Sustainability activities are satisfactory.

From the perspective of the principles regarding the **Board of Directors**, AKSA's tally is **9.55**. There is a well communicated Company mission and vision. The board of directors fulfills all duties regarding Company needs. The board of directors consists of 9 members, of which 3 are independent. There are 4 female members on the board of directors, bringing the female membership rate to 44%. A Corporate Governance Committee, an Audit Committee, and an Early Detection of Risks Committee are established within the board of directors. The working principles of the Committees are disclosed to the public. Principles of remuneration of board members and senior executives are included on the corporate web site. Conduct of the board meetings is documented in internal Company regulations.

### Rating Methodology

SAHA's methodology for rating the degree of compliance with the Principles of Corporate Governance is based upon the CMB's "Corporate Governance Principles" released on January 2014.

The CMB based these principles on the leading work of The World Bank, The Organization of Economic Cooperation and Development (OECD), and the Global Corporate Governance Forum (GCGF) which has been established in cooperation with the representatives of the preceding two organizations and private sector. Experts representatives from the CMB, Borsa Istanbul and the Turkish Corporate Governance Forum have participated in the committee that was established by the CMB for this purpose. Additionally; many qualified academicians, private sector representatives as well as various professional organizations and NGOs have stated their views and opinions, which were added to the Principles after taking into account country specific issues. Accordingly, these Principles have been established as a product of contributions from all highlevel bodies.

Certain applications of the Principles are based on "comply or explain" approach and others are mandatory. However, the explanation concerning the implementation status of the Principles, if not detailed reasoning thereof. conflicts arising from inadequate implementation of these Principles, and explanation on whether there is a plan for change in the Company's governance practices in future should be mentioned in the annual report and disclosed to public.

The Principles consist of four main sections: shareholders, public disclosure and transparency, stakeholders, and the board of directors.

Based on these Principles, the SAHA Corporate Governance Rating methodology features around 330 subcriteria. During the rating process, each criterion is evaluated on the basis of information provided by the Company officials and disclosed publicly. Some of these criteria can be evaluated by a simple YES/NO answer; others require more detailed analysis and examination.

SAHA assigns ratings between 1 (weakest) and 10 (strongest). In order to obtain a rating of 10, a company should be in full and perfect compliance with the Principles (see Rating Definitions, p.23).

To determine the total rating score for each main section parallel to the CMB's Corporate Governance Principles, SAHA allocates the following weights:

Shareholders: 25%

Public Disclosure and Transparency: **25%** 

Stakeholders: 15%

Board of Directors: 35%

To determine the final overall rating, SAHA utilizes its proprietary methodology which consists of subsection weightings and weightings for the criteria there under. A separate rating is assigned to each one of the main sections as well.

### SECTION 4: BOARD OF DIRECTORS

#### SYNOPSIS

- + The board is staffed with effective and qualified members.
- Board of directors meeting and
   decision quorum is defined in the articles of association.
- + Each board member is entitled to a single vote.
- + 3 independent members on the board.
- + Early Detection of Risks
  Committees are established.
- + Principles of remuneration of board members and senior executives are established and disclosed to the public.
- The conduct of the board of
   directors meetings is defined in internal regulations.
- 4 female members on the board
   with a female membership rate of 44%.

The board of directors has defined the vision and mission of the Company and is overseeing that Company activities are managed in compliance with the legislation, articles of association, internal procedures and established policies.

The Company's board of directors is composed of 9 members. Except for one member, the entire board of directors was elected from non-executive members. There are 3 independent members on the board. Capital Markets Board (CMB) criteria

are complied with in determining independent candidates. Independent candidates for the board of directors have signed a declaration of independence within the framework of the legislation, articles of association, and the CMB criteria.

There are 4 female members on the board of directors. The Company has established a 25% female membership target on the board of directors and a policy in line with this target. The rate of female members on the board of directors has reached 44%.

A Corporate Governance Committee, an Audit Committee, and a Committee for the Early Detection of Risks are established from within the board of directors. The working procedures of the Committees are disclosed to the public.

We have come to a conclusion that all 3 Committees are functioning effectively.

The chief executive officer/general manager and the chairman of the board are not on the Committees. There are no executive members on the Committees and all members are elected among the independent board members.

Principles of remuneration of board members and senior executives are included on the corporate web site.

# 4.1. Functions of the Board of Directors:

Strategic decisions of the board of directors aim to manage the Company's risk, growth, and return balance at an appropriate level, and with a view to the long-term interests of the Company, conduct a rational and cautious risk management approach. The board administers and

represents the Company within these parameters.

The board of directors has defined the Company's strategic goals and identified the needs in human and financial resources, and controls management's performance.

# **4.2.** Principles of Activity of the Board of Directors:

We have come to a conviction that the board of directors performs its activities in a transparent, accountable, fair and responsible manner.

Distribution of tasks between the members of the board of directors is explained in the annual report.

The board of directors established various internal control systems which are inclusive of risk management, information systems, and processes by also taking into consideration the views of the Committees.

It is stated in the annual report that the board reviews the effectiveness of risk management and internal control systems at least once a year.

The presence, functioning, and effectiveness of internal controls and internal audit, is explained in the annual report.

Duties of chairman of the board and chief executive officer/general manager are shouldered by different individuals. Executive powers are clearly separated in the articles of association.

There is a 'Manager Liability Insurance' exceeding 25% of the company capital for defects and damages caused by the board members during the execution of their duties and has been disclosed to the public through PDP.

Analyzing the Company's organization, it is seen that there is no person at AKSA who has unlimited authority to make decisions alone and this is considered as positive by us.

# 4.3. Structure of the Board of Directors:

The Company's board of directors is composed of 9 members and all but 1 is non-executive. Among the non-executive board members there are 3 independent members who have the ability to execute their duties without being influenced under any circumstances.

The Corporate Governance Committee prepared a report on candidates proposed by the board and shareholders, taking by into consideration of whether or not the candidate meets the independency and submitted assessment as a report to the board for its approval. CMB criteria are complied with in determinina independent candidates. Independent candidates for the board of directors have each signed a declaration of independence within the framework of the legislation, articles of association, and the CMB criteria.

There are 4 female members on the board of directors. In addition, the Company has established a 25% female membership target on the board of directors and a policy in line with this target. The rate of female members in the board of directors has already reached 44%.

## 4.4. Conduct of the Meetings of the Board of Directors:

The board of directors convened 4 times in the 2019 operating period with a participation rate of 97%.

Chairman of the board of directors sets the agenda for board meetings in consultation with the chief executive officer/general manager.

Information on the agenda items of the board of directors is made available to the members in sufficient time prior to the meeting date by a coordinated flow of information. Each member of the board has a right to one vote.

The meeting and decision quorums have been included in the articles of association of the Company. In addition, board meetings can also be held in a remote access system.

The extent to which members take external duties is determined by internal regulations.

The external duties and grounds of the board members are presented to the general shareholders' meeting where their nomination is discussed, with a distinction between intra-group and out-group activities.

The conduct of board meetings is documented in internal regulations.

# 4.5. Committees Established Within the Board of Directors:

Corporate Governance, Audit and Early Detection of Risks Committees are established from within the board of directors in order to fulfill its duties and responsibilities.

Functions of the Committees, their working principles, and members are designated by the board of directors and disclosed to the public on the Company' web site.

All members of the Audit Committee and the chairmen of the Corporate Governance and Early Detection of Risks Committees are elected among the independent board members. Care has been taken that a non-independent board member cannot be on more than one Committee. There are no executive members on the Committees. On the other hand, as per CMB principles, Mr. Erdinç Kazak Özgüneş is serving in the Corporate Governance Committee.

All necessary resource and support needed to fulfill the tasks of the Committees are provided by the board of directors.

Committee meeting frequency has been found sufficient by us. Within the 2019 operating period; Corporate Governance Committee held 5, the Audit Committee held 7, and the Committee for the Early Detection of Risks held 4 meetings each.

The Corporate Governance Committee is established in order to determine whether or not the corporate governance principles are being fully implemented by the Company, if implementation of some of principles are not possible, the reasons thereof, and assess any conflict of interests arising as a result of lack of implementation of these principles, and present remedial advices to the board of directors. In addition, it oversees the work of the shareholder relations unit.

Audit Committee supervises the operation and efficiency of Company's accounting system, public disclosure, external audit and internal audit systems, reviews complaints that are received by the Company regarding Company accounting, internal and external independent audit systems, within the framework of the principle of confidentiality and finalizes them, immediately notifies the board in writing on findings related to their duties and responsibilities and the related assessment recommendations, following taking the opinion of responsible managers of the Company and the external auditor, notifies the board in writing whether the annual and interim statements disclosed to the public is in accordance with the Company's accounting principles, true and accurate.

In addition, Audit Committee members possess the qualifications mentioned in the Communiqué.

The annual report contains information on working principles of the Audit Committee and number of written notices given to the board of directors during the fiscal year. However, meeting resolutions are not included in the annual report.

The external audit of the Company will be conducted by PwC Bağımsız Denetim ve Serbest Muhasebecil Mali Müşavirlik A.Ş.

The nomination and election process of the external audit firm, taking into account its competence and independence, starts with a proposal from the Audit Committee to the board and ends with the board's choice being presented and approved at the general shareholders' meeting.

The Committee for the Early Detection of Risks carries out its tasks towards early detection of risks which may jeopardize the Company's assets, its development and progression, and measures taken to mitigate and manage those risks. It reviews risk management systems at least once a year.

The tasks of Nomination and Remuneration Committees are performed by the Corporate Governance Committee. In this context, the efforts of the Corporate Governance Committee to identify independent candidates is included on minutes submitted, but the functionality of these Committees will continue to be monitored by us.

## 4.6. Remuneration of the Board of Directors and Senior Management:

The principles of remuneration of board members and senior executives has been documented in writing and submitted to the shareholders as a separate item in the general shareholders' meeting.

A remuneration policy prepared for this purpose can be found on Company's web site.

It has been declared in the Corporate Governance Compliance Report that the Company does not lend any funds or extend any credits to a member of the board or to senior executives, or grant any personal loans through a third party, or extend any guarantees.

We have come to conclusion that the executives have the required professional qualifications in order to perform the assigned duties and they comply with the legislation, articles of association, and in-house regulations and policies in fulfilling their duties.

There has been no cases where the executives used confidential and non-public Company information in favor of themselves or others. There are no executives who accepted a gift or favor directly or indirectly related to the Company's affairs, and provided unfair advantage.

Company officials declared that there is an insurance policy on compensation for losses incurred by the Company, and third parties, as a result of not performing the executives' duties duly.

Orientation process for newly appointed managers is determined in writing in the Company's staff regulations.
