Explanations	

As part of our company's new product development strategy, regarding the Ultra High Molecular Weight Polyethylene (UHMWPE) product developed as a result of our R&D efforts; it was announced to the public that a decision had been made to invest in a new production facility under the Mithra brand, starting with a capacity of 350 tonnes/year and gradually increasing to 500 tonnes/year, and to approve an investment budget of approximately 20 million US dollars.

The production line for this investment has been successfully commissioned, and commercial and sample shipments have commenced.

Submitted to the public information.

Yours Respectfully,

Material Disclosure Announcement has been prepared in Turkish and in English. In case of any discrepancy between the two versions, Turkish disclosure will prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
